Ideal Industries GmbH
Attn. Mr. Konstantin Huedepohl
Market Development Manager
Gutenbergstr. 10

April 27, 2005

85737 Ismaning

Dear Sirs,

Subject: Approval of LANTEK Cable Certifier Cat.6 & 7

CORNING Cable Systems hereby approves the use of the LANTEK 6 & 7G cable certifier with the Category 6 Universal Adapter for testing of all CORNING FutureCom Class E System installations against all key electrical parameters of ISO/IEC 11801 (Second Edition 2002-9) or EN50173 (2003). The transmission performance was compared to the test results of a network analyzer.

For detailed information please refer to measurement instructions.

We accept the test results provided with the LANTEK 6 & 7 for our LANscape EWP system warranty.

Please update the Ideal Industries Website and all relevant documentation about this approval.

Looking forward to a continued future cooperation with you in order to evaluate upgrades to your software/firmware as they become available.

Best regards,

Harald Knauer
